### **Work Experience:**

#### **MetFilm School, London** - July 2021-Present, Acting & Directing Tutor

I teach acting and filmmaking on the BA (hons) Screen Acting and Short Course Program's at MetFilm Schools' Ealing and Garden Studios campuses in London on a freelance basis.

#### **Apple Inc.** - July 2022, Talent Coach/Director

5 weeks Directing and Coaching for a voice recording project in London, England.

#### **New College Swindon** – January 2022-June 2022, Film & TV Lecturer

During my time teaching on the HND program, I created a workshop titled "Set Etiquette" with the aim of giving students the experience of working on a professional film set.

#### **Prague Film School** – August 2018-July 2021, Global Ambassador & Guest Lecturer

Since I graduated from PFS I have been assisting with student outreach through live events and online webinars which to provide potential applicants with my personal experiences and information regarding each of the school's programs before booking individuals in for 1-on-1 consultations and auditions.

I also host an annual workshop as a guest lecturer at the school where I provide practical teaching for screen actors and directors.

#### **The Global Acting Studio** – October 2018-Present, Founder & Coach

I founded The Global Acting Studio in 2018 to be a network and resource for actors around the world to share tools and knowledge with each other. Since our first meet up in Berlin we have since grown our community to over one hundred members throughout Europe and North America, including some prominent industry coaches that have held workshops and seminars for us. I also offer coaching and workshops in screen acting, directing and independent lo-to-no budget producing.

#### **Cuprite Productions** – February 2012-Present Founder & Creative Producer

I originally started my company Cuprite Productions, to be able to market and distribute my bands' music in 2012, to maintain control and be fully independent. I have since grown the company to develop, produce and distribute both music and film projects created by myself and others, while also providing entertainment industry coaching, consulting, and management services.

#### **Love, Sobriety & Good Music** – January 2013-June 2015 President

I have been an active member of the global sobriety movement, IOGT-NTO for almost ten years. Through my work with the organisation, I have had the opportunity to travel all over the world, including Eastern Africa where I worked closely with local NGO's on after school projects for youths and alcohol policy lobbying at the local governments of Tanzania and Kenya. I was also given the chance to speak at a conference in the EU parliament in Brussels on the topic of alcohol policies in conjunction with advertising.

My group, Love, Sobriety & Good Music, organised events, and concerts for young people to attend in Stockholm, Sweden. Our aim was to provide interesting and exciting spectacles that would attract the youths of the city to prove that you do not need substances to have a good time.

#### **Our Untold Story** – September 2012-Present Lead Singer/Guitarist, Songwriter and Manager

I founded the rock band Our Untold Story in 2012 and have self-managed, self-produced and self-released all our work since then including two records, multiple music videos and a rockumentary.
